Larry, the attachment did not reach me, can you retransmit?

[FOIA Exemption (b)(6)] are you available for a telcon at 9:30 this morning so Larry can walk you and I through his attachment?

Subject: UMAM sampling point request
Importance: High

[FOIA Exemption (b)(6)] -

Yesterday Danny asked if it might be possible to relocate some of the compensatory mitigation field sampling points. Danny and Jorge prepared a table that identifies the points in question (attached). Would you please take a look at this table and our request and call me at your first opportunity? Basically, some of the points selected are very remote and will be difficult to reach. We believe alternative sites that are more accessible will provide the same sampling value and allow a more expeditious review.

Thanks!
