Thank you Sir, I've passed onto [Exemption \(b\)\(6\)](#) and [Exemption \(b\)\(6\)](#), who along with [Exemption](#) will be meeting with PDT this week. We had heard about two such protest occurring this week but did not have a lot of details. V/r, [Exemption \(b\)\(6\)](#)

Sir,

Just got word that several of the environmental groups will hold a "Public Press Conference" or a disguised protest outside our office tomorrow morning at 1000 hrs to apparently protest the fact that the permit approval action was removed to Jax.

I am in Jax but will instruct [Exemption \(b\)\(6\)](#) and the rest of the principle staff to take all the security measures necessary including notifying the police department.

I will be in the Jax office early tomorrow and will come by to see LTC Barker to discuss these measures.
